Introduction to programs and presenters

Bring a food donation for the Magic School Bus

What's New at MILE

- Starting with the Spring 2018 session the MILE Program Brochure will have a new format. With the increases in price of paper, printing and postage, the MILE Advisory Board has decided to switch to a digital format for the MILE program brochure. The brochure will be posted on our website – www.mileonline.org and will be listed in order by week, similar to the calendar. Members will still receive, by US mail, paper copies of the introduction to MILE, the registration form, the calendar of events and the enrollment forms for any day trips planned for the semester. Look for the spring MILE brochure online at www.mileonline.org at the end of January.
- There are now limited spaces available for the MILE Trip to Lancaster, PA on June 6-8.
- We will be celebrating MILE's 25th Anniversary with a Member Luncheon on June 12th. More details to follow.

WANTED – Please sign up at Orientation

There will be a brief informational session about this following the Orientation

MILE is totally run by volunteers. Here's how you can help.

- Program Monitors To sign in members at presentations
- Committee Members To work with members of the following committees:
 - Curriculum – To seek out and choose presenters for upcoming MILE programs
 - Audio/visual – To help set up equipment for presentations (training provided)

Watch for more MILE information in your email and online
