Looking Forward to Spring

We hope that you have had a chance to enjoy the Terrific Tuesdays in our intersession. The presentations gave our members the opportunity to keep learning during the cold days of winter. We are now looking forward to our 7-week spring semester. The semester contains a wide selection of presentations to address the varied interests of our members. The spring calendar is attached with this email. These materials and the course descriptions are also available on our website, www.mileonline.org, as are the videos introducing the presentations. **A registration form** for this semester is also available on the website, **but members, who joined earlier this year do not need complete it.** Feel free to share it with friends, who may want to join MILE for the spring. They can return it to Susan Kulesza with a \$60 payment for dues.

Reminder about the Spring Semester

The MILE spring session will begin on March 1st continuing until April 21st with classes scheduled three (3) days a week. These will be **Tuesdays, Wednesdays, and Thursdays**, except for the week of April 11th (M, T, W - that week). Those who have already paid the \$60 **annual** membership fee will be automatically registered for all afternoon MILE presentations.

If you are interested in joining the Great Decisions program, please contact Bud Sielaff (budsielaff@sbcglobal.net). You need to register with him even if you were part of the group in the fall. The spring Great Decisions program will be using 2022 materials to be purchased by participants.

Dates to remember.

- | | |
|------------------|---|
| March 1st | MILE Spring Semester begins on Tuesdays, Wednesdays & Thursdays from 1:30 pm to 3:00 pm. |
